General information

Late registrations:

Are still possible up to 1 hour before the start in the race office. There is no late registration for the 17.5km distance.

Swim Course:

The exact description of the swim courses you will find at our homepage.

Shuttle service:

For the routes from the event site to the starting point - including transport of clothing to the finish is included in the entry fee.

Swimming buoy:

Wearing a buoy is allowed on the routes, but not mandatory. The swimming buoy is mandatory on the 500 and 250m routes. Swimming buoys can be borrowed from the organizer for a fee (20 euros).

SUP accompany 17,5km distance:

For safety reasons, each participant is obliged to organize a 1:1 SUP accompaniment. This is done either by the participant himself or by the organizer for an additional fee.

Important rules and fairness:

Each buoy is closed to swim or to go around with the SUP. If someone ignores the buoys, this will be judged with a disqualification. We have set up a checkpoint at the refreshment station for the 17.5km and 10km swimmers and SUP athletes. Everyone must pass this and have their name entered on the checklist. Checkpoint = refreshment station on the sports island in front of Schloss Seefels. Ignoring the checkpoint will result in disqualification.

Meals on the route:

At the 17.5 km, each athlete can hand over their food to their companion. For the 10km route we have a refreshment station on the sports island in front of Schloss Seefels

The 17.5 km swimmers get 2 bars and 4 gels as well as iso

Award ceremony:

The first 3 ladies and gentlemen of each route will be awarded.

For the overall ranking, all points are added up and awarded in Novigrad/CRO.

There is an age group rating

Toilet facilities, shower facilities and changing rooms at the Velden lido
